THE OUTSTANDING YOUNG MEN

The JCI Philippines as an organization has the following goal and mission: To contribute to advancement of the global community by providing the opportunity for young people to develop the leadership skills, social responsibility, entrepreneurship, and fellowship necessary to create positive change. This mission finds basis in the Jaycee Creed, which believes:

That faith in God gives meaning and purpose to human life;
That the brotherhood of man transcends the sovereignty of nations;
That economic justice can best be won by free men through free enterprise;
That government should be of laws rather than of men;
That earth's great treasure lies in human personality; and
That service to humanity is the best work of life.

The JCI Creed, which is universal in its perception and exhortation, sees man not only in the light of what he is but what he can be. "... That earth's great treasure lies in human personality and that service to humanity is the best work of life." It is in this context and spirit that the TOYM awards was conceived. If it is idealistic, it is because man must have his idealism if he has to shape for himself a better future, a better world.

The Outstanding Young Men (TOYM) Awards is now in its 55th year. The Awards began as a project of JCI Manila, patterned after the TOYM of America Awards, and later adopted by the JCI Philippines as an annual project. It is now a yearly undertaking of the JCI Philippines and co – sponsored by the Gerry Roxas Foundation, Inc. and the TOYM Foundation, Inc.

Over the years, the TOYM has become an institution, having developed a reputation for its selectiveness of outstanding young men upon whom the award is conferred. TOYM seeks to give national recognition to young men and women whose selfless dedication to their profession or vocation has resulted in significant contributions to the welfare of their countrymen and our country at large, as well as to the advancement of their respective fields of endeavor. The awardees who have become light of the nation totaling 432 by now, is literally a Philippine "Who's Who" in outstanding achievements in areas such as community service, the arts, literature, journalism, education law, politics, agriculture, science and technology, economics, banking, business, sports, government service, and other fields of endeavor.

OBJECTIVES OF THE PROGRAM

1. To recognize the outstanding achievement of our nation's youth which have benefited significantly the community and the nation.
2. To focus public attention and confer national recognition to these achievements and contributions.
3. To inspire others, especially the youth, with the recognition to these achievements and/or leadership of the TOYM awardees-leaders who have demonstrated vigor and enterprise in tackling the problems of society and offering solutions.
4. To live the JCI Creed and consider as a good measure of performance by the awardee.

While other awards give recognition purely to humanitarian work, the TOYM Awards is uniquely given for outstanding leadership and excellence and contributions to humanity.
